The seance will embrace hypnosis, telepathy, mesmerism and many other strange, weird and beautiful manifestations of the wonders of Ghostland and illustrate his infallible power to materialize and clothe as in flesh and features the habitude of the spirit world. Y. W. ATHLETIC EXHIBITION.

Salem Bloomer Girls Acquit Themselves Creditable.

Anyone who has ever entertained any doubts whatever as to the entertaining ability of the Young Women's Athletic Association of Willamette university should have been in attendance at the first exhibition given by the young women at the university gymnasium Saturday night and had all such doubts entirely removed from their minds.

About 250 of the friends of the school assembled at the gymnasium to witness the performance which was indeed greatly enjoyed. The program as rendered was exceptionally fine and each of the young athletes acquitted herself very creditably.

The dumbbell exercise and figure marching by the class, numbering 12, was especially fine while the club-swinging by Miss Lizzie Aschenbrenner was second to no amateur about Salem. Miss Mabel Carter appeared in one of her best recitations and was accorded a hearty encore to which the successful elocutionist responded with a bow.

The members of the team wore bloomers and sailor waists and seemed to enjoy the sport, furnished by the

different exercises, fully as much as did the audience.

A game of drive ball closed the exhibition which was pronounced a decided success. Drive ball is a new game but affords considerable amusement. The ball is struck with the hand and each side has a goal for which she labors. However there is a "dead line" drawn through the center of the court over which the members of neither side are permitted to pass.

The class taking part in the exercises Saturday night consisted of the following named young women: Misses Esther Collins, Oskle Matthews, Roxie Thompson, Rebecca Baldree, Jessie Settlemier, Edna Price, Margaret Parkhurst, Lizzie Aschenbrenner, Cora Griswold, Ida Harris, Neva Griswold, Edna Pohle and Pearl Carter.

This was the initial performance of the Young Women's Athletic Association and reflects great credit on Director Brown. Miss Blanche McCormick presided at the piano.

The young women are highly pleased with the exhibition from a financial standpoint at least, since they realized \$25 over all expenses.

Ministers Should Use Dr. Miles' Heart Cure.

THERE IS NO PROFESSION, whose labors so severely tax the nervous system, as that of the ministry. The derangement of the nerve centers of the brain by over work frequently brings on attacks of heart trouble, and nervous prostration.

Rev. J. P. Foster, M. D., Pastor U. B. church, London, Miss., himself a physician, writes Feb. 25, 1895: "Heart affection and nervous prostration had become so serious last fall that a little over work in the pulpit would so completely prostrate me that it seemed certain I must relinquish the work of the ministry entirely. Heart palpitation became so bad that my auditors would ask me if I did not have heart disease. Last November I commenced taking Dr. Miles' New Heart Cure alternately with Dr. Miles' Nervine and derived the greatest possible benefit. I have just closed revival work of 10 weeks, preaching nearly every night and twice on the Sabbath. I can speak for hours without suffering as I formerly did. Hard working ministers should keep Dr. Miles' Dr. Miles' Heart Cure is sold on guarantee, and bottle will benefit or money refunded."
